Project Overview

Dimension Corporate Wear is part of a group that started in 1973 and is now the UK's largest supplier of corporate apparel and workwear. They have over 50,000sqft of warehouse space and this is ever evolving to meet the changing requirements and logistics of their business.

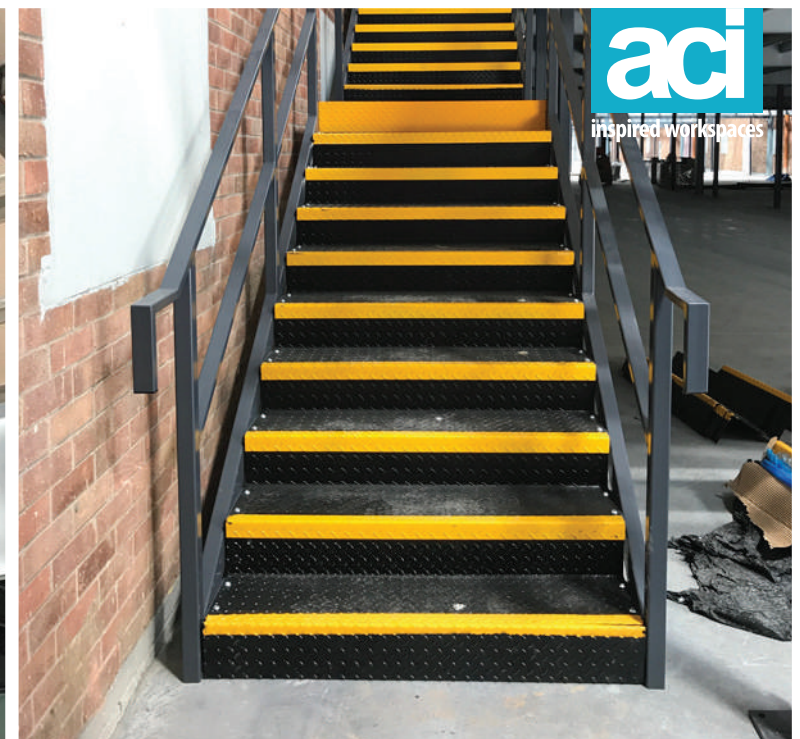

aci, having worked in partnership previously to supply and install 6 mezzanine floors for them in the past, were consulted to design a large platform for their new building extension.

The new floor was 1200m², for storage and picking use and required 60 minute fire rating. aci also carried out the 'shaft wall' fire rated wall lining works to either side of the structure.

The project was fast tracked and the works were completed within 8 weeks of the start date on site.

Customer Comment

We were very happy to be working with aci again and we knew we were in safe hands to both design the scheme and to have it delivered on time and within budget.

They came through again for us with flying colours.

Our Promise To You

From our inception in 2009, we have grown to become one of the UK's leading office design and fit out companies.

Our staff, from the ground up, we are focused on creating some of the most inspiring working environments that the UK has seen, paying close attention to the quality of service and finish that we provide.

We firmly believe that this is the reason some of the UK's leading brands have chosen us to carry out their office design and fit out works.

For more information about us and how we can help you, visit our website.
