Full Office Fit-Out Project

Datacair and World Freight Limited approached aci to look at the full fit out for their new Castle Donington offices that they had recently committed to the lease on. The recently vacated second floor of the building had been stripped out and re-decorated by the previous tenant and was a blank canvas, ready for the company's joint office staff of around 80.

Working closely to understand the client's needs, we space planned the floor using a bench desking system and full height frameless glass partitions to divide the areas. Manager's offices, meeting rooms, tea points, breakout spaces were also created to give these fast moving companies a new home with the scale for the next 10 years.

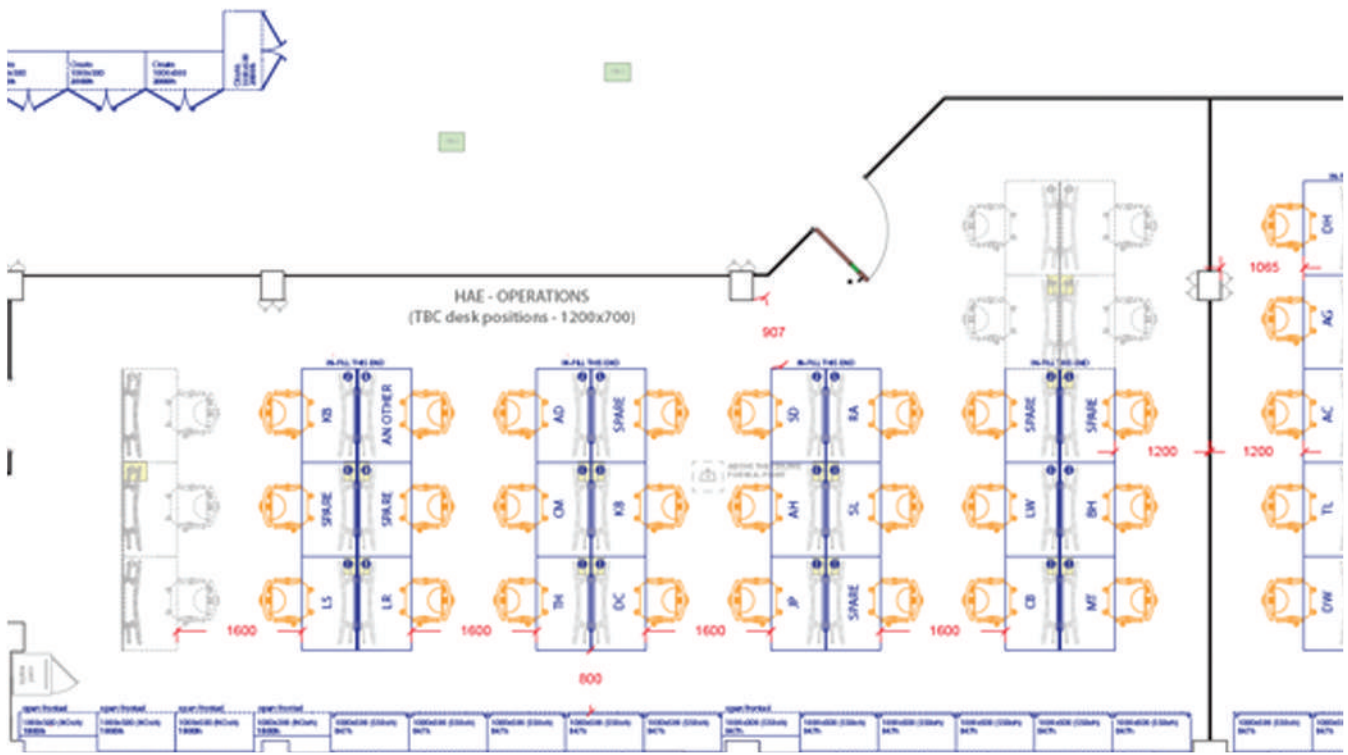

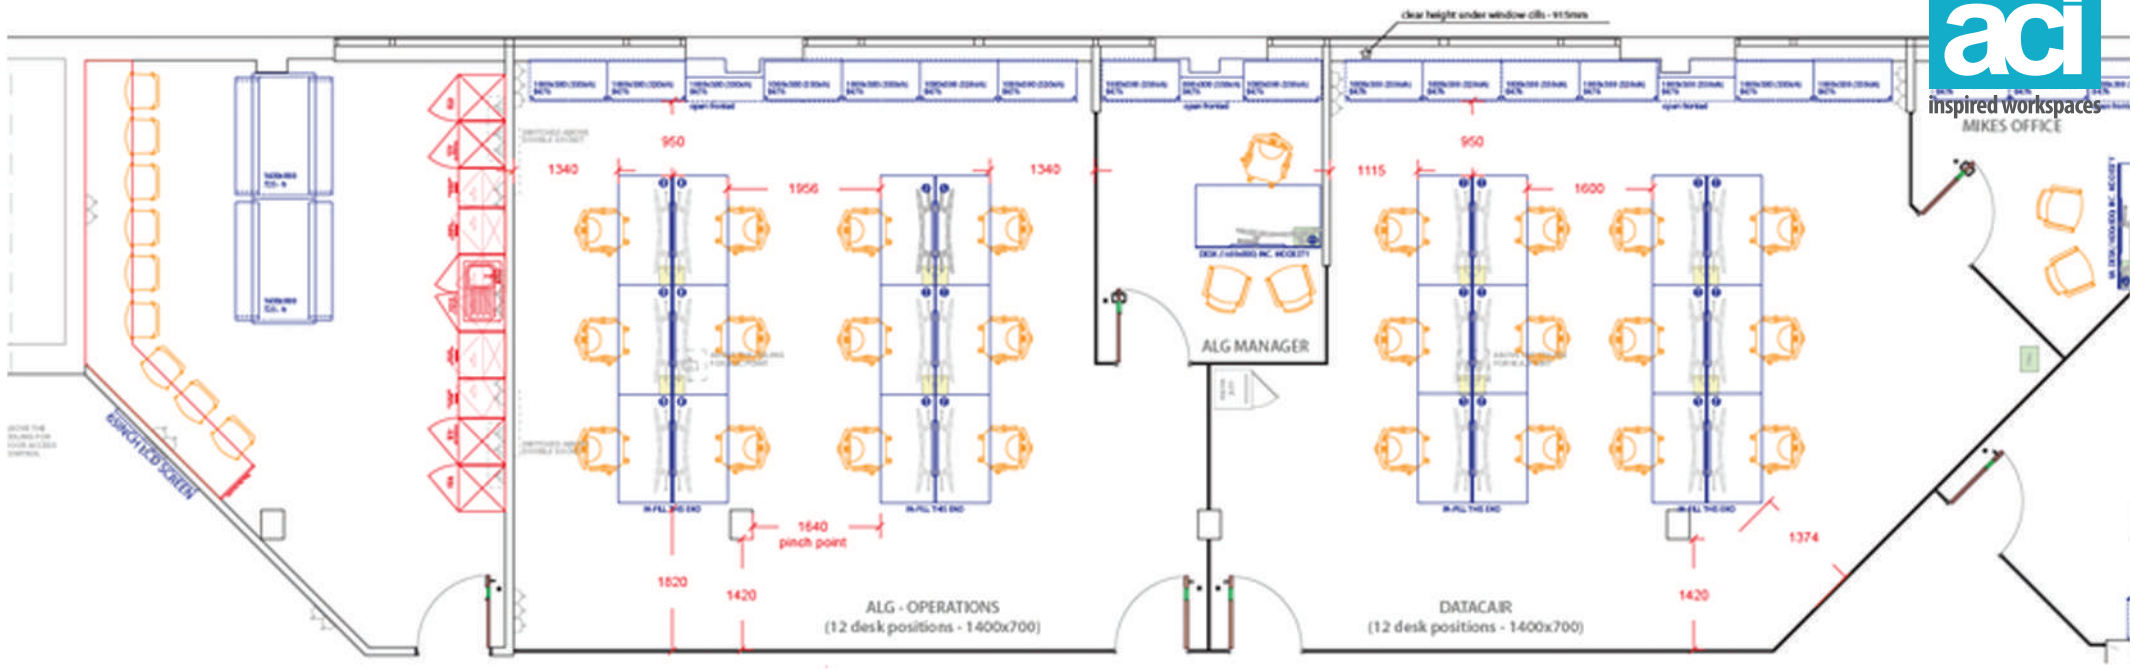

Project Scope

- Frameless Glass Partitioning
- Full Height Walnut Doors
- Power and Data Installation
- HVAC Changes and Re-Configuration
- LED Lighting
- Flooring Works
- Decoration Works
- Tea Point Installation
- Full Furniture Supply & Installation

Customer Comment

We are currently awaiting the customer's comments for this fit-out.

Our Promise To You

From our inception in 2009, we have grown to become one of the UK's leading office design and fit out companies.

Our staff, from the ground up, are focused on creating some of the most inspiring working environments that the UK has seen, paying close attention to the quality of service and finish that we provide.

We firmly believe that this is the reason some of the UK's leading brands have chosen us to carry out their office design and fit out works.
