Project Overview

Dimension Developments Ltd wanted to utilise their current building's space and create an office area with an industrial look on the first floor. After meeting with ACI, we quickly identified the needs of the client and the scope of the project.

Once we had confirmed all of the costs for the project, we began our enabling works ready for the fit out. The brief was to fit out the 1770 square foot area to provide an open plan office along with a meeting room, directors office, kitchen and toilets. All to fit with the industrial look.

The timescale of the project was nine weeks, which was easily achieved to the delight of the client.

Our Promise To You

From our inception in 2009, we have grown to become one of the UK's leading office design and fit out companies.

Our staff, from the ground up, are focused on creating some of the most inspiring working environments that the UK has seen, paying close attention to the quality of service and finish that we provide.

We firmly believe that this is the reason some of the UK's leading brands have chosen us to carry out their office design and fit out works.
