Project Overview

Harlow Timber have been in business for over 90 years and are one of the largest stockists of timber and sheet materials in the Midlands.

aci were invited to tender for their new branch and trade counter fit out in Hinckley.

The scheme quickly evolved with our input and a mezzanine floor was chosen to go above the new trade counter area to form the roof of the area and also provide much needed storage space.

aci won the contract against a competitive field and after a 5 week lead in period, the works commenced.

The project was fast tracked and the works were completed within 4 weeks of the start date on site.

Customer Comment

We selected aci from their tender submission as they were not only very competitive, but they suggested other ways to make our design better!

We have been extremely happy with the speed of their work and the workmanship.

The end result has been fantastic and is now our flagship branch, we will use aci and these works as a template going forward in other branches.

Our Promise To You

From our inception in 2009, we have grown to become one of the UK's leading office design and fit out companies.

Our staff, from the ground up, are focused on creating some of the most inspiring working environments that the UK has seen, paying close attention to the quality of service and finish that we provide.

We firmly believe that this is the reason some of the UK's leading brands have chosen us to carry out their office design and fit out works.
