## Project Overview

Kapln are one of the UK's leading education providers and were looking to grow their facilities in Nottingham.

After selecting No1 Nottingham Science park as the perfect premises, ACI were recommended to them as we have carried out previous works for the landlords, Nottingham City Council.

Having gone through the design and tender process, ACI were selected to fast track the dilapidation works and then undertake the new installation for Kaplan to their exacting requirements.

The project consisted of 13,000sqf of flooring, glass partitions, toilets, kitchens, breakout areas, furnished class rooms and full mechanical and electrical works to comply with building regulations.

## Customer Comment

ACI were recommended to us due to the work that they had done previously in the Nottingham Science Park.

We were working to very tight timescales due to the term times and the overseas students arriving. This was not a problem for ACI and they delivered on time, on budget and also to the quality that we expected.

**Our Promise To You**

From our inception in 2009, we have grown to become one of the UK's leading office design and fit out companies.

Our staff, from the ground up, are focused on creating some of the most inspiring working environments that the UK has seen, paying close attention to the quality of service and finish that we provide.

We firmly believe that this is the reason some of the UK's leading brands have chosen us to carry out their office design and fit out works.
