Project Information

Following on from our work on Nationwide's flagship building society in Northampton, we were once again chosen to work with the main contractor to refurbish and fit-out another one of their building societies in Barnsley.

This project included a wide variety of items which we have completed many times over the years at ACI including the strip-out of the exiting premises, the building of new partitions, decoration and bespoke joinery items.

We also included in the works to form the holes in the walls for the new cash machines to be fitted in to, as you can see from the picture on the left.

Our Promise To You

From our inception in 2009, we have grown to become one of the UK's leading office design and fit out companies.

Our staff, from the ground up, are focussed on creating some of the most inspiring working environments that the UK has seen, paying close attention to the quality of service and finish that we provide.

We firmly believe that this is the reason some of the UK's leading brands have chosen us to carry out their office design and fit out works.

For more information about us and how we can help you, please visit our website.
