Nationwide Building Society Northampton Flagship Building Society Fit-Out

Project Information

We were contacted by a large main contractor to tender for the fit-out works of Nationwide's flagship Building Society in Northampton Town Centre. We first attended site as an unoccupied empty building and worked alongside the main contractor to undertake the fit-out elements of the premises.

We completed all joinery aspects of the fit-out, installed MF and suspended ceilings throughout the premises, installed all ironmongery on the project and completed larger elements of the project including partitioning work and installation of glazed pods to be used as meeting rooms and private offices.

We completed this project over 12 weeks, with both the main contractor and Nationwide really happy with the end result.

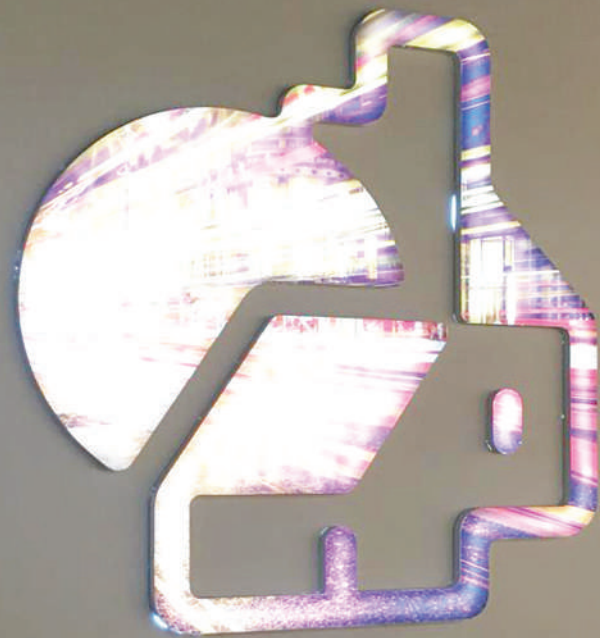

Scope of Works

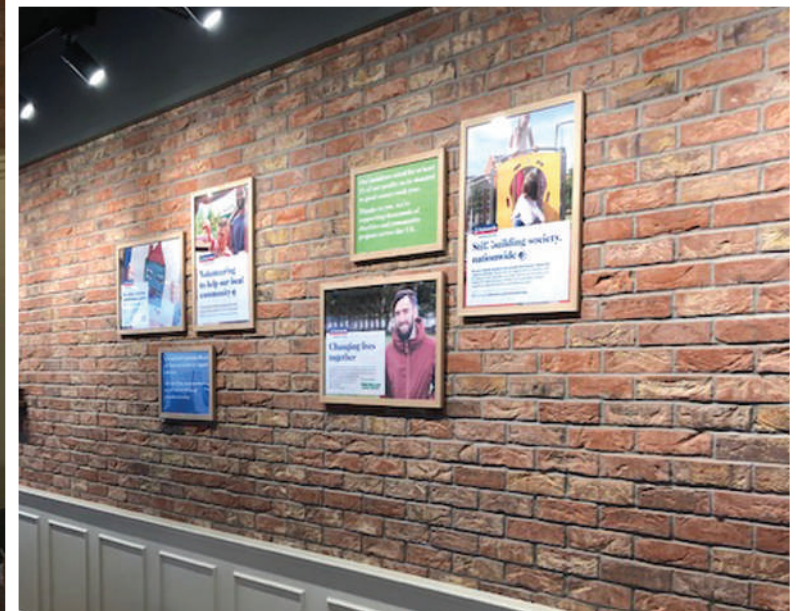

- MF and Suspended Ceiling Works
- Dry-Lining Works
- Partitioning Installation
- Installation of Glazed Pods for Meeting Rooms
- Ceramic Tiling
- Full Decoration Works
- Ironmongery Installation

Our Promise To You

From our inception in 2009, we have grown to become one of the UK's leading office design and fit out companies.

Our staff, from the ground up, are focused on creating some of the most inspiring working environments that the UK has seen, paying close attention to the quality of service and finish that we provide.

We firmly believe that this is the reason some of the UK's leading brands have chosen us to carry out their office design and fit out works.
