### Project Overview

We were approached by Pendragon to convert an area of warehouse / garage space into their brand new, 21st century training facility.

The scheme was to create a large reception area and 5 new meeting rooms. With the clever use of 2 acoustic folding walls, the rooms could be made larger to cope with conferences of up to 60 people!

These walls were also fitted with write-on vinyl panels to help with presentations. The glazing was ACI's new frameless system fitted with sunken' trims to give an even more modern look!

Climate controlled air conditioning was also installed, along with mechanical ventilation and LED light fittings.

## Customer Comment

"We are so happy with our new training facility! ACI did a fantastic job keeping within a tight schedule of 6 weeks and within budget, we have already recommended them for further works within our group."

### Our Promise To You

From our inception in 2009, we have grown to become one of the UK's leading office design and fit out companies.

Our staff, from the ground up, are focused on creating some of the most inspiring working environments that the UK has seen, paying close attention to the quality of service and finish that we provide.

We firmly believe that this is the reason some of the UK's leading brands have chosen us to carry out their office design and fit out works.

For more information about us and how we can help you, visit our website.
