Trent Instruments Full Turn Key Fit Out

Full Turn Key Fit Out

Trent approached aci after seeing the work that was done and the recommendations given by ABCO. The instructions were quickly given to design and install all elements for the full fit out including the following elements:

Mezzanine floor, dry lining, partitions, ceilings, floor coverings, Kitchens, showers, WC's, Glass frontage, electrical and data installation and pretty much everything else to complete their working environment.

The project went from design to installation over a 3 month period, just in time for the break in the lease on Trent's old premises. aci were also then instructed to do the dilapidations works to their old unit bring this back to the landlords specification.
