**ARROW ECS
Nottingham - Office Refurbishment Scheme**

Refurbishment Project Overview

Aci were selected by Arrow ECS and DJ Office Solutions to carry out the refurbishment works to their Nottingham facility. The company had just made a major commitment to the location and wanted to improve the working environment for staff and visitors.

The scope for the project included:

- Partitions removal and reconfiguration
- Ceilings removal and reconfiguration
- Kitchens removal and new installations
- New air conditioning system
- Vinyl flooring and carpeting
- Additional furniture and seating and decoration

Customer Comment

Arrow ECS is extremely pleased with the refurbishment project carried out by ACI. They were very professional throughout the project, extremely thorough in all of the refurbishment works and completed the work within the given timescales.

We are very proud of our new offices, which now provide our employees with the perfect working environment we hoped to achieve and an impressive facility for our visiting customers, and suppliers.

IT Director, Arrow ECS
