MAYFLEX HEAD OFFICE – BIRMINGHAM

BEFORE

BEFORE

Project Overview

Mayflex were looking to improve the look and feel of their existing 7000 sqft offices. They wanted the space to feel, calm, light, open and have modern 'high tech' look and feel. Dedicated areas were needed for meetings and quiet zones but with logical flow and consistency in design and layout.

During the project we completed 2D space plans, mood boards and 3D visuals.

BEFORE

Project Scope

- Full design and build by ACI
- Interior design and mood board sign off
- Full CDM F10 HSE notification and compliant project management
- Two phases of works
- Strip out and enabling works
- Glazed partition and feature graphics
- 'Meeting Village' complete with dedicated kitchen facilities
- Large 'breakout zones' with feature soft seating
- Full electrical installations
- Modification to existing HVAC

Customer Comment

Richard and the ACI team made the whole process from design to completion an easy and exciting project for us. The design work really helped us to visualise how the space would look and work for us, which also helped getting the Cap Ex approved! The 2 phases helped us to internally manage any disruption which was kept to a minimum. Nothing was a problem, tremendous thought went into ensuring the brief was covered and beyond, and we love our new working environment.

We cannot rate them highly enough and would recommend ACI to anyone.

Our Promise To You

From our inception in 2009, we have grown to become one of the UK's leading office design and fit out companies.

Our staff, from the ground up, we are focused on creating some of the most inspiring working environments that the UK has seen, paying close attention to the quality of service and finish that we provide.

We firmly believe that this is the reason some of the UK's leading brands have chosen us to carry out their office and warehouse design and fit out works.
